

ANDRÉ PONT

SOFTWARE DEVELOPER

Dublin, Ireland | 086 270 7875 | andrepontde@gmail.com | andrepond.dev | [GitHub](https://github.com/andrepond)

PROFILE

- Fourth-year BSc (Hons) Computing student with a First Class average, seeking a graduate role for July 2027
- Software developer with a strong focus on **backend development**.
- Experienced in building **scalable web applications**, integrating APIs, and **applying AI techniques** in real-time systems.
- Eligible to work on a Stamp 2.

TECHNOLOGY SKILLS

- **Programming Languages:** Go, Java, Python, JavaScript
- **Frameworks:** Node.js, React, Spring Boot, Electron, Echo
- **Databases:** PostgreSQL, MySQL, MongoDB
- **DevOps & Tools:** Docker, Bash (Ubuntu/Linux), Git, Jenkins.
- **Agile & PM:** Scrum, Jira, Trello, Notion
- **Linux server administration** (SSH, firewall config, permissions, deployment).
- **Certifications:**
 - CS50's Introduction to Artificial Intelligence with Python - (EDX - 2024)
 - Advanced Python course - José Portilla (Udemy - 2019)
 - IBM Internship Certificate - 2026

EDUCATION

2023-2027 | National College of Ireland

BSc (Hons) Computing

Core Modules: Data Structures and Algorithms, Object Oriented Programming, Advanced Databases, Data Communications and Networking, Operating Systems, Web Design and Development, Software Engineering, Software Quality and Testing, Security Fundamentals.

INTERNSHIPS

IBM Software development Co-Op - Dublin, Ireland.

Back End Developer (Full time)

Jan 2026 - Sep 2026

- Selected as the only intern **offered an extension based on technical performance** and contribution to the team.
- Developed support for **AWS and Azure cloud resources** within an enterprise cost-estimation platform, expanding **multi-cloud cost analysis capabilities**.
- Built **automation** proof-of-concepts using **GitHub Actions** to remediate IaC policy violations and streamline developer workflows.
- **Designed and implemented an MCP server** leveraging GitHub Actions to **retrieve Terraform infrastructure data and cloud cost insights**.
- Collaborated with senior engineers, DevOps, FinOps, and product teams in an Agile environment to deliver production-ready backend features.

PROJECTS

HouseHub - Full Stack Development Project ([GitHub](https://github.com/andrepond/househub))

- Developed a **full-stack platform** for shared housing with **JWT authentication**, **role-based access control**, and multi-house management.
- Implemented real-time chat and presence tracking using **Socket.IO** and **MongoDB**.
- Designed scalable backend with **Node.js/Express/MongoDB**

SentiMetrics - Hackathon ([GitHub](https://github.com/andrepond/sentimetrics))

- Developed a **real-time sentiment analysis** platform collecting data from social media APIs for Ireland's largest hackathon (HackIreland).
- Implemented AI-powered insights using **Python (Flask), VADER sentiment analysis, and OpenAI GPT-3.5** for conversational interface.
- Used multi-platform **API integration, AI/ML-driven analysis, and real-time data processing**.

Personal VPS Deployment – Self-Hosted Projects (andrepont.dev)

- Deployed and managed a **Contabo VPS** hosting multiple services, including a **personal website** and several **Dockerized applications**.
- Implemented self-hosted alternatives to third-party cloud services, improving control, privacy, and customization.
- Utilized **Docker, Linux server administration, and CI/CD practices** for deployment, monitoring, and maintenance.

WORK EXPERIENCE

Viaja con CLAP – León, México.

Full Stack Developer (Part - time)

Jun 2022 – Feb 2023

- Delivered **full-stack solution** for a travel booking platform, **collaborating** directly with stakeholders to define requirements.
- **Developed backend integrations** with the **Betterez API**, streamlining travel reservations and increasing overall booking efficiency **by 10%**.
- Maintained and optimized frontend in **React.js**, ensuring cross-device responsiveness.

RAINS – Dublin, Ireland.

Retail Assistant

Feb 2025 – Present

- Ensuring efficient stockroom and shop floor operations, demonstrating **strong organization and attention to detail**.
- Collaborating across teams to meet store performance goals, building **teamwork and communication skills**.

TOLTECA – Dublin, Ireland.

Supervisor

Nov 2021 – Nov 2024

- Monitored workflow to improve employee **time management and increase productivity**.
- Applied strong **leadership and problem-solving skills** to maintain team efficiency and **organize workflows**.
- Evaluated employee performance and coached and trained to improve weak areas.
